

ART IN HEAVEN

art holidays in Purbeck Dorset

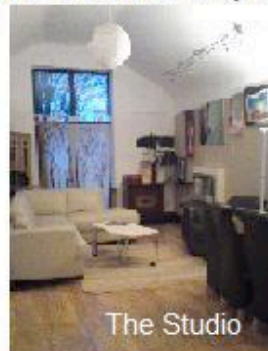

Purbeck has long inspired artists.

The likes of Paul Nash, Augustus John, Mark Gertler, Roger Fry, Vanessa Bell and many others visited or made the area their home.

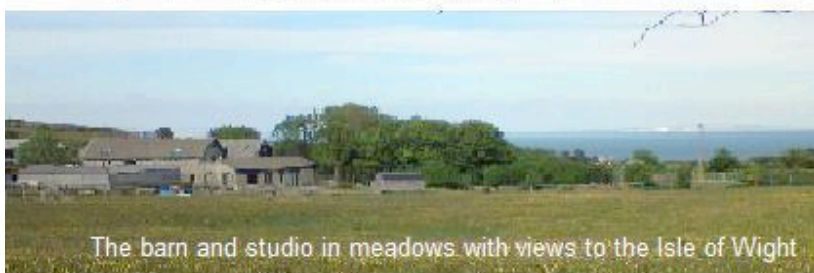

Its diverse landscapes, rich wildlife and dramatic vistas feed the eye and imagination and the artistic community of the area continues to thrive. It is from that community that the owners of California Barn and Studio find their experienced and award winning tutors for the art holidays.
